RESEARCH INTERESTS

Digital Government • Public-Sector Transformation • Data Governance • Interoperability • Digital Public Infrastructure • Emerging Technologies & AI Governance

EDUCATIONAL BACKGROUND

Erasmus Mundus Joint Master's in Public Sector Innovation and eGovernance | Erasmus+ Grant Recipient **Aug 2025 - Present**

Katholieke Universiteit Leuven (KU Leuven), Universität Münster, and Tallinn University of Technology (TalTech)

- Coursework: Public Innovation, Digital Public Governance, Integrated Systems Applications, Platform Ecosystems, Design Science Research.

Bachelor of Business Administration (Finance) | Dean's Honor List - Scholarship Recipient **Aug 2016 - Aug 2020**

Bahria University, Pakistan

- Capstone Project: Quantitative study on CRM practices at Askari Bank, analyzing the impact of customer retention on banking profitability.

ACADEMIC PROJECTS

Digital Bricolage & Coordination Challenges in Federated Non-Profits | Design Science Research | Universität Münster **2026**

- Investigated coordination and workflow challenges in the Make-A-Wish Foundation (India) and developed a method artefact for improving activity awareness across heterogeneous digital tools in resource-constrained environments.

European Health Data Space (EHDS) | Interoperability Research | KU Leuven **2025**

- Identified interoperability challenges in the EHDS regulation across legal, technical, and healthcare clusters using the European Interoperability Framework, drawing transferable lessons from Belgium's eID implementation; based on expert interviews and secondary literature.

Smart City Data Privacy | Comparative Policy Analysis | KU Leuven **2025**

- Compared Belgium's GDPR-based governance approach to smart-city surveillance and citizen data privacy with Pakistan's emerging framework, assessing its transferability to the Pakistani context.

POLICY ENGAGEMENT

European Commission, Fiscalis Workshop (DG TAXUD & DG DIGIT) **Feb 2026**

- Coordinated with representatives from 14 EU Member States, candidate countries, and the European Commission on interoperability challenges within trans-European tax systems.
- Consolidated stakeholder inputs on the VAT in the Digital Age (ViDA) initiative and prepared a post-workshop summary capturing key discussions, findings and follow-up points.

PROFESSIONAL EXPERIENCE

Manager Budgeting & Analytics | Pakistan Telecommunication Company Limited (PTCL) | Pakistan **Oct 2020 - Jul 2025**

(Promoted from Assistant Manager Diversity, Equity & Inclusion)

- Redesigned five enterprise processes through AS-IS workflow analysis and 15 cross-functional workshops conducted with PwC.
- Conducted workforce and operating-cost analysis supporting organizational integration following PTCL's acquisition of Telenor Pakistan.
- Developed four Power BI dashboards adopted across eight departments, reducing reporting time by 30%.
- Co-authored ESG and annual report sections including workforce and DEI metrics across three reporting cycles and prepared corresponding C-suite presentations.
- Developed PTCL's first Diversity, Equity & Inclusion Strategy, establishing organization-wide priorities, governance structures and implementation frameworks (Won Best DEI Strategy at the Global DEI Benchmark Award 2023).
- Designed inclusion programmes focused on disability employment and women's entrepreneurship, reaching 500+ participants and supporting 100+ women-led ventures.

TEACHING EXPERIENCE

Guest Lecturer | National University of Science and Technology (NUST) | Pakistan

Mar - Nov 2023

- Delivered lectures to undergraduate students on corporate governance and inclusion culture under Industry-Academia Linkage Program.

LEADERSHIP & VOLUNTEER ACTIVITIES

Monitoring & Evaluation (M&E) Coordinator | Girls 4 Girls | Remote

Jun 2020 - May 2023

- Consolidated, validated, and analyzed regional program data to develop quarterly reports for international leadership team.

UN Volunteer | United Nations Information Center | Pakistan

Nov - Dec 2017

- Supported communications and public outreach activities along with event coordination for the United Nations Information Centre Human Rights Campaign.

SKILLS & LANGUAGES

Methods & Technical: BPMN, UML, SQL, SPSS, Power BI, SAP, Miro, Google Workspace, Microsoft Office, Canva

Research & Analytical: Data Analysis, Process Modelling, Design Science Research, Policy Analysis, Qualitative/Document Analysis

Languages: English (Fluent), Urdu (Native), German (A1, actively learning)
